

## Community Collection

Did you know that electronic waste (e-waste) is one of the fastest-growing types of trash? In 2022, less than 25% of e-waste was correctly recycled, a significant issue. But here's something promising: for every 10 laptops we fix and reuse, we save enough energy to power an entire house for a year. Isn't that amazing?

We're hosting a Community Collection Event to help our local community. This event is an excellent chance for everyone to participate and make a difference. Companies can join us in this effort, too!

CDR Global handles everything, like the packaging and transportation, so you don't have to worry. We'll ensure all your electronic devices in the US are correctly recycled.

If you want to participate, please sign up using the following link: [register today](#).

We want to encourage more companies across our state and country to join in recycling efforts. Together, we can create a better future for our environment. Please check out the list of items you can bring to the collection event.

# Acceptable Items

Type of item	Cost	Location
<ul style="list-style-type: none"><li>• Cable boxes and modems</li><li>• Cellphones &amp; Smartphones/ iPods/ MP3 players</li><li>• Computer accessories including:</li><li>• Desktop printers; small copy/fax machines; scanners</li><li>• Keyboards, mice, dock stations, power cords, charging cables, wire</li><li>• Laptops, computers</li><li>• LCD monitors</li><li>• Loose hard drives, flash drives for destruction</li><li>• Network equipment</li><li>• Printer ink/toner</li><li>• Projectors</li><li>• Servers</li><li>• Small batteries</li><li>• Stereo equipment</li><li>• Tablets and e-readers</li><li>• UPS power supplies</li><li>• VCR/DVD/Blu-ray players</li><li>• Video game consoles</li></ul>	N.A.	Client's location
